Alaska Occupational Safety Summit 2016 Post Conference

Root Cause Analysis & Incident Investigation

Lee Vanden Heuvel

Senior Manager of Incident Investigations and Root Cause Services; ABS Consulting

Anchorage, AK October 13-15th 8AM-5PM daily
Hotel Captain Cook, Anchorage

3 day post conference course 1.9 CEUs, 1.9 COCs, 3.17 CMEs, ABIH approval #10-230

Light snacks and coffee will be provided, lunch on your own.

ASSE Members attending with conference package registration: \$975

Nonmembers attending with conference package registration: \$1,050

Nonmember and not attending the summit: \$1,125

ASSE MEMBERS: Please request a discount code first by sending an email with your name and member number to: SDick@washingtoncrane.com.

Who should attend this course?

- Anyone who needs to learn incident investigation skills
- Anyone who needs to know how to meet requirements of standards and regulations for investigation of incidents with safety, health, reliability, environmental, and quality impacts

Learning Objectives:

- How to investigate serious and complex incidents
- The importance of near-miss investigations, incident classification, and data trending
- How to identify root causes (not just causal factors) using proven techniques

Take advantage of Step-by-step guides for causal factor charting, timelines, and cause and effect trees; access to ABS Consulting's extensive online resources; complete solutions to example problems; the SOURCE Investigator's

Vanden Heuvel

Toolkit™ to help you gather and organize your data; a Root Cause Map™ for your company to use; a 300-page Root Cause Analysis Handbook that includes details on using the Root Cause Map; and a FREE Excel® template for documenting causal factor charts and cause and effect trees.

ABS Consulting has provided RCA training to over 5,000 individuals in numerous industries. They have also worked with organizations to develop formalized RCA programs within their facilities, using the proven tools, techniques, and materials they have developed.

ABS instructors are internationally recognized experts in RCA, human factors issues, risk assessment, process safety management (PSM), process hazard analysis, reliability, and quality. ABS Consulting offers an incident investigator certification program for graduates of their courses (please refer their Web Site (<http://www.abs-group.com/Training/Certification-Programs/>), for information on the certification program.

Interested in Certification?

Root Cause Analyst/Incident Investigator

Requirements:

- Attend Course 120
- Pass the fundamentals examination
- Have a college degree and 2 years of experience, or a high school diploma and 5 years of experience

Documentation:

- Submit documentation from your most recent investigations, or recommendations from supervisor and manager/technical representative for your two most recent incident investigations

Completion Requirements

- Within 12 months

11th Annual

SAFETY: CIRCLE OF INFLUENCE

Held at the Hotel Captain Cook in Anchorage, Alaska

October 11-12, 2016 www.alaska.asse.org

Keynote Day One:

Stephen M. R. Covey is a cofounder of Covey-Link and the Franklin-Covey Speed of Trust Practice. A sought-after and compelling keynote speaker and advisor on trust, leadership, ethics, and high performance, he speaks to audiences around the world. He is the New York Times and Wall Street Journal bestselling author of The SPEED of Trust, a groundbreaking and paradigm-shifting book that challenges our age-old assumption that trust is merely a soft, social virtue and instead demonstrates that trust is a hard-edged, economic driver.

Stephen M.R. Covey

General Session Day Two:

Scott Ketcham is the Anchorage Area Director for OSHA and has held the position since September 2007. Scott holds a master's degree in Public Administration from the University of Alaska, a Bachelor's in Science degree from Texas A&M University, and is a Certified Safety Professional. Before joining OSHA, he spent five years as a staff Industrial Hygienist with the U.S. Army Medical Activity at Bassett Army Hospital on Ft. Wainwright, Alaska.

Scott Ketcham

Closing Session Day Two:

Eddie Greer is the President/CEO of Eddie Greer & Associates located in Horse-shoe Bay, Texas. He has over 43 years of experience in the Safety & Health profession. In his role as an S&H consultant he provides project reviews, training on behavior based processes and general safety topics. He most recently served as the Director of Business Development for the Board of Certified Safety Professionals.

Eddie Greer

Root Cause Post Conference:

Lee Vanden Heuvel is ABS Group's worldwide lead for incident investigation/root cause analysis supports services, training, and software support. He has assisted organizations in many different industries with the development and implementation of incident investigation and root cause analysis (RCA) programs. He has also led and participated in investigations on six continents in many types of industries, including chemical, healthcare, manufacturing, upstream/downstream petrochemical, machining, pharmaceuticals, utilities, construction, waste disposal, nuclear power, and food processing.

DAY ONE
OCTOBER 11
2016

11th Annual

Alaska

Occupational Safety Summit

DAY TWO
OCTOBER 12
2016

7:00 - 8:00 AM	Registration & Exhibit Hall Open	
8:00 - 10:00 AM	Welcome & Opening Ceremonies	
8:00 - 10:00 AM	KEYNOTE Session 1	Stephen M.R. Covey - Co-Founder & Global Practice Leader, FranklinCovey Speed of Trust
	Main Ballroom	"The Speed of Trust"
		The circle of influence stems from trust - without trust, what culture do we have? (Conference attendees will receive a copy of his book, 'The Speed of Trust')
10:00 - 10:30 AM	Break and Exhibitor Displays	
10:30 AM - 12:00 PM Sessions	Session 2	Chris Ross, CPLP, CSP - CEO, The Engagement Effect
	Aft Deck	High Impact Mentoring for Performance
		Today's organizations don't have dollars to spare or time to waste in crucial areas such as knowledge transfer, building strong management skills and preparing leaders for new positions. High impact mentoring needs to include key concepts such as just in time knowledge transfer, effective learning and robust systems approach.
10:30 - 12:00 PM Sessions	Session 3	Tony Barnard, CIH, CSP - Senior HSET Lead for BP Alaska
	Endeavor	Industrial Hygiene Exposure Limits: What you need to know for Alaska and Beyond
		Did you know that many of Alaska OSHA PELs are lower than federal OSHA? Do you know where the PELs / TLVs came from? How they're set? What to do if there are no exposure limits for chemicals you work with? This session will cover all this and more that when working in AK or beyond, you need to know
12:00 - 1:30 PM	Lunch and Exhibitor Showcase	
1:30 - 3:00 PM Sessions	Session 4	Joshua Schultz, Esq., MSP - Managing Attorney for the Law Offices of Adele Abrams
	Aft Deck	Navigating Safety & Liability Issues at Multi-Employer Worksites
		Will explore the many issues that arise at Multi-Employer worksites in Alaska. Site operators, general contractors, sub-contractors, and temporary employers may all create conditions which lead to OSHA citations and liability. We will examine the risks and limits of potential liability and best practices for training, recordkeeping and safety policies.
1:30 - 3:00 PM Sessions	Session 5	Dr. Harvey Liss, PhD, Sr. Consultant, Culture Change Consultants
	Endeavor	Culture Change - Strategic Planning
		Learn how your current safety culture supports or undermines your safety program and performance. How to assess the current safety culture and to develop a strategy for sustainable change. Key tools, techniques and principles to implement sustainable change.
3:00 - 3:30 PM	Break and Exhibitor Displays	
3:30 - 5:00 PM Sessions	Session 6	James Smith, CSP, ASSE President-Elect; VP of Risk for A.J. Gallagher
	Aft Deck	Educating Supervisors to Assess Risks in Reduction of Injuries
		The presentation will discuss how supervisors can effectively manage worker safety on the job site. The presentation will provide effective techniques and processes/methods available to arm them with the right tools to make a difference in your safety performance.
3:30 - 5:00 PM Sessions	Session 7	Michael Fleming, CSP, CEO / Principal Consultant, Decision Point
	Endeavor	Safety Origami - A Mind Puzzle for the 21st Century (advancing incident prevention competency)
		Is it time to advance from Heinrich's 1930's era incident ratio pyramid? If so, where do we go? The presentation provides a broad view of these concepts and challenges us to think about what is it we are searching for to advance incident prevention competency.
5:00 PM - 7:30 PM	Appreciation and Networking Reception!! Join us in the ballroom for live music by Will Johnson, appetizers and a cash bar!!	

7:00 - 8:00 AM	Registration & Exhibit Hall Open	
8:00 - 9:30 AM	Announcements & General Session	
8:00 - 9:30 AM	General Session 8	Scott Ketcham, CSP - Director, AK Federal OSHA
	Main Ballroom	The Alaska Regulatory Climate
		What's new, what does your company need to address (and when), and what will OSHA's focus be this coming year? A fast paced, information packed presentation.
9:30 - 10:30 AM	Break and Exhibitor Displays	
10:30 - 12:00 PM Sessions	Session 9	Dr. Emily Howard, Senior Engineer, Boeing
	Aft Deck	The "STAMP" Model - The Boeing Story (New Causation model - Systems-Theoretic Accident Model & Process)
		Learn how the STAMP model assisted Boeing in building a safer workplace and drive safety deep into nearly every aspect of Boeing's daily activity.
10:30 - 12:00 PM Sessions	Session 10	Mary Sullivan, MS, CSP - Director of Training & Client Services, Lawson & Associates
	Endeavor	Successfully Guiding Change Within an Organization
		Identify and outline the elements to be considered when creating change within an organization, including needs assessments, creating the vision, identifying champions, preparing personnel, training, implementation, evaluation and modification.
12:00 - 1:30 PM	Lunch and Exhibitor Showcase	
1:30 - 2:30 PM Sessions	Session 11	Lee N. Vanden Heuvel, Sr. Consultant - ABS Company
	Aft Deck	10 Reasons Your Root Cause Analysis Program May Not Work - And What To Do About It
		Good incident investigation/root cause programs are a key element in your efforts to learn from experience. However, many organizations struggle to get an effective program implemented and perform quality investigations. Learn 10 key issues that influence the performance of many organization's investigation programs and individual investigations.
1:30 - 2:30 PM Sessions	Session 12	Chris Ross, CPLP, CSP - CEO, The Engagement Effect
	Endeavor	It All Adds Up - Achieving Effective Training Through Instructional Design
		Many safety professionals deliver training, but few have had much formal training in instructional design. This session guides participants through the basics of designing and delivering training using the ADDIE model and provides opportunities for participants to apply the model in order to make sure your training is effective and gets the results you want - your participants will love you for it!
2:30 - 3:00 PM	Break and Exhibitor Displays	
3:00 - 4:15 PM	Announcements & Closing Session	
3:00 - 4:15 PM	Closing General Session 13	Eddie Greer, CSP, OSHT, STS-C, President, CEO - Eddie Greer & Assoc.
	Main Ballroom	Facilitating Leadership Through Influence
		Effective leadership cannot occur without influence, because influence is how leaders lead. Leaders have a daunting task with ways to energize and focus people that help fulfill dreams and give them sense of purpose when the work is done. Leaders accomplish their work through influence, not authority.

To our Sponsors

The American Society of Engineers and supporting organizations offer their sincere Thank You and acknowledgement to all our Sponsors, past and present. Without our sponsors, this premier Alaska Professional Development Conference would not be possible.

In these challenging times with Oil and Gas, our Sponsors have not just invested time and money in their own company but have demonstrated their outward commitment to safety by making contributions to this professional event. It's through their financial support, that the Alaska Chapter ASSE commits to hosting a high level educational event - THANK YOU for the key part you played in making this event possible.

To our Volunteers

It is often said, 'Many hands make light work'... this conference has grown nationally in recognition for the stellar professionalism, for bringing presentations that challenge the field, for challenging exhibitors to show us what's new, for never being afraid to try something new... All of this is only possible through the work of many behind the scenes, many who don't seek recognition, just want to be a part of something truly great! Our heartfelt thanks and sincere appreciation go out to:

Leishen Bauke, CSP, CET
Ann Lindsey, CSE, CET
