## 13th Annual Alaska Occupational Safety Summit

Coming to Anchorage: **October 16 – 17, 2018**  
To be held at **The Hotel Captain Cook**

**Who should attend?** Professional Safety Directors, Safety Consultants & Professionals, Human Resource Professionals, Risk Managers, Collateral Duty Safety Officers, Project Safety Professionals, Frontline Supervisors, Business Owners and General Managers

**To learn more about the Summit and to register or sponsor, click [here](#).**

The Keynote Speaker is Regina McMichael, CSP, CET, and Founder of *The Learning Factory* and soon to be published Author of the *'Safety Training Ninja'*.

**Can safety professionals, supervisors and the workforce be inspired with humor and life lessons? You bet!** Hear Regina share how to be a better safety leader and better person!

Imagine the perfect safety world, where the workers thank you for your help, training is easy, valuable and effective, and that everyone thinks you are awesome for all that you do. Why you are a safety superhero! But that is not how it is. In fact, some days, it's hard to remember why you do this job in the first place. In her program, Regina will revitalize your passion for safety and remind you that it's about the little wins in safety that keep us engaged.

**"THE WIFE LEFT BEHIND: THE MAKING OF A SAFETY PROFESSIONAL"** – Regina started in safety when she suddenly found herself planning a funeral after her husband fell to his death while employed as a roofer. That began her journey to save just one life to make up for the one she lost. You will go from struggling from the day-to-day challenges of the compliance driven work mentality to remembering that working in safety is full of amazing opportunities to help people see the little wins that happen along the way.
